

Workshop/ courses feedback form

To assist my planning of this and future workshops/courses I would appreciate your frank and honest feedback on the course/workshop you have just attended.

Please provide yes/no answers or score each of the following on a scale from 1 to 5 (5 being the highest) and provide further comments if desired.

Bob Brind-Surch

Workshop title:

Date:

Would you recommend this w'shop to anyone else ?	Y / N []	

I would appreciate you letting me know your expectations for the day and if they were fully met.

Expectations

Expectations fully met (1-5) []

Do you have any suggestions as to how this workshop could be improved?

I am always looking to develop new workshops in different locations. Please let me have any suggestions.

Any further comments.

I very much hope that you have obtained some pleasing photographs and extended your knowledge of wildlife photography. I would welcome any further comments once you have had a chance to sort your images and reflect on the day. Please e-mail me – bob@naturesphotos.co.uk - with your thoughts and between 3 and 6 of your favourite photographs which I would be pleased to display on my website.

Thankyou for your time – Bob Brind-Surch
